1. Workshops

The workshops are sessions of 1.5 hours during which students are divided into groups and work on different topics. The format can be lectures, group projects, group discussions, or any other suggestion. Workshops sessions should always start with a warm-up game to get everyone relaxed and focus.

a. **Link between Society and Technology**
   - Mobility (how to increase student mobility, how to foster a greener mobility?)
   - Technology innovation and climate change
   - Sustainability (Clean Energy & Social Aspects)
   - Inclusion & Diversity (Women in Tech)
   - Energy system design & social aspects - constraints (i.e. Lego – Spaghetti)
   - Student engagement:
     - Citizen’s life (Student’s role outside the campus)
     - Opportunities for students to act as opinion makers

b. **Discover and devise EULiST**
   - European University Alliances (history, framework, policies, structure).
   - PowerPoint Karaoke (Student must pitch a subject they don’t know only with the slides).
   - Role and vision of university alliances for the future of EU.
   - Future of teaching in Europe.
   - Future of research and PhD with EULiST.
   - Design the EULiST mascot.
   - Create an anthem for EULiST.
   - EULiST in 5 years (students from other mature alliances come to share their vision).
c. **Soft skills**

- Negotiation
- Conflict resolution
- Decision making
- Time management
- Stress management
- Leadership
- Pitch / Public speaking
- How to motivate a team?
- How to sell my innovation?
- Project management

d. **Speakers**

- MiMEC (Greek soft skills teaching group)
- Experts of the field (Professors, Researchers, Graduate Students and other professionals)
- Speech from members of more experienced European alliances

2. **EULiST Talks**

EULiST talks are exiting conferences with one or many speakers who come to share their vision of either Europe, technology, European universities, or any relevant topic. Conferences should not last more than 1h to keep students focus. There should also be 30 minutes for questions.

a. **Format**

- Round tables
- One man show
- Ted-X (Ted-X Vienna)

b. **Topics**

- What is the future for European universities?
- How can Europe rise through tech companies?
- How to reduce AI technologies environmental footprint?
- How can AR – VR technologies shape the future?
c. **Speakers**

- European Parliament Member
- European Commission Member
- European Commission Representative in Vienna
- Students in European Commission
- Student members of ESA

### 3. Social activities

- **Sports tournament:** Each university brings its local sport team for a given sport.

- **City rally** to discover the city and its history. Each team would be driven by a TUW member of staff to explain the architecture, stories, myths, and culture of the city.

- **Language coffee:** students can come and practice a language they are learning with native speakers.

- **Wine hiking (TUW special)**

- **Science Slam:** Students can present to other students their research work, startup company, or any other important project.

- **Inter-cultural events**:
  - Send recipes / songs that will be cooked / sang by a professional.
  - Bring a dish from your country to share your culture.

- **Crazy activities (ABC)**:
  - Axe throwing.
  - Bow throwing.
  - Classical dance (Vienna valse).

### 4. More ideas

- **EULiST Lounge:** Free time in a lounge bar for students to discuss their ideas about EULiST.

- **Wall of ideas :** Students can put stickers with their ideas on a huge blackboard in a central location, and everyone can add comment with pens.

### Legend
- **Arrival/Departure**: Welcome, Rules, Intro, What happened? What's next?
- **Socials**: Learn about each other and our culture
- **EULiST Talks**: Conferences with inspiring speakers
- **Workshops**: Small groups activities
- **EULiST Lounges**: Share your ideas about EULiST, network with other students and companies
